To be awarded an AAOT degree, students must:

- Complete all requirements to total 90 applicable degree credits.
- Earn a grade of "C" or better in each course and have a minimum cumulative GPA of 2.0 at the time the degree is awarded.
- Satisfactorily earn 24 credit hours at MHCC. Non-traditional credit (College Level Examination Program, Experience-Based Credit, Challenge, etc.) does not satisfy this requirement.

Please note: Courses may not be repeated for credit unless specified in the course description. Transfer students may need a foreign language to fulfill university admission requirements. Those seeking a Bachelor of Arts degree must complete the second year of a language other than English (201/202/203 or equivalent) before graduating from a public Oregon university.

To check your official progress toward graduation, log on to MyMHCC and click "View My Degree Audit."

Requirements vary greatly by major and by transfer university. Always work with an adviser to ensure you are taking the right courses for your major and educational plans. This degree guide is to be used for informational purposes only and is not an official record of student progress toward degree completion.

★ denotes courses that are regularly offered online. ● indicates courses that will fulfill Cultural Literacy requirement.
